Dear Greg

A query we have received on several occasions is why the function room at the RSL, which the Association gave permission to be called '2/24 Function room', is not identified as such by any signage.

We would be so pleased for such recognition of the relationship between the Wangaratta RSL and the 2/24 Battalion Association were visible to people in the RSL. As well, this would certainly be most appreciated by our members.

Yours sincerely
